	MEMORANDUM FOR: DCPP	
	SUBJECT: Meeting of OCB Staff, 25 September.	
25X1A	l. A larger group than had been present at the earlier meetings assembled at office at 1000 to discuss the future of the Psychological Operations Coordinating Committee. Present were: and Phillips of State, Godel and Colonel Frazer of Defense, General Porter of FOA, Abbott Washburg of Mathematical Porter	25X1A

25X1A	which it was evident that noone suggested a similar procedure for the future. However, I made the point that the PCC staff (on which represented us) had been useful, mainly as a liaison group. I suggested that a good solution would be to have this staff function continued, with fairly strong representation from each of the interested agencies; and that these staff designees report to the senior individuals who will be	25X1A
23/17	thinking behind this is that many matters can be settled at the working level, with informal daily reports to an appropriate level within each agency; and that since these senior individuals will be meeting regularly anyway, they could probably dispose of the POC-type of problem within a very few minutes. This view was accepted by Defense, but was questioned by State, which was not sure that they would get sufficient benefit from a full time representative at USIA. Phillips mentioned in this connection the daily briefing in his office of the five public affairs officers, and two representatives of USIA (I discussed/With him later, and we agreed that we need not send a representative to those meetings, since	25X1A
